

Ratchet Jack

Model: ZTU Series
Capacity: 5 ~ 15 Ton

Usage:

Constructed from heavy-duty, rugged material for durability. Supports full rated capacity on the toe as well as the cap.

Special Features:

1. Double-lever sockets for jacking in close quarters.
2. Special steel made pawl adds strength and safety.
3. Large base keeps the unit stable.
4. Precision spring will not creep up during load applications.
